OCTACLAD

CONTAINER CLADDING

MODULAR ARCHITECTURE. PLACELESS AND TIMELESS. WITH A SYSTEM.

Container buildings: the all-rounders in the outdoor area!

No other construction form makes it easier to implement modular architecture in the outdoor area - anywhere. Apart from the flexibility in the choice of location, the possible uses and applications are also almost unlimited: from promotion stands to pop-up stores to office buildings.

In addition, the room design can be adapted to individual needs. And thanks to the short construction time, containers are just as suitable for road shows as for temporary or permanent buildings.

Cost-effective advertising space: containers for site offices.

OCTACLAD

Container cladding

Attracts attention over long distances:
two-story construction
with large-scale graphics.

Individual presentation areas – in XXL format!

Containers are miraculously spacious, both inside and out. So why not use the outer surfaces specifically for advertising? With our modular OCTACLAD frame system, entire containers can be covered with individual fabric graphics. Precisely tailored to the outer dimensions of popular manufacturers, the frames are simply and easily attached to the outer walls. Best of all, the graphics can be fully customized and replaced time and again in just a few simple steps.

OCTACLAD

CONTAINER CLADDING

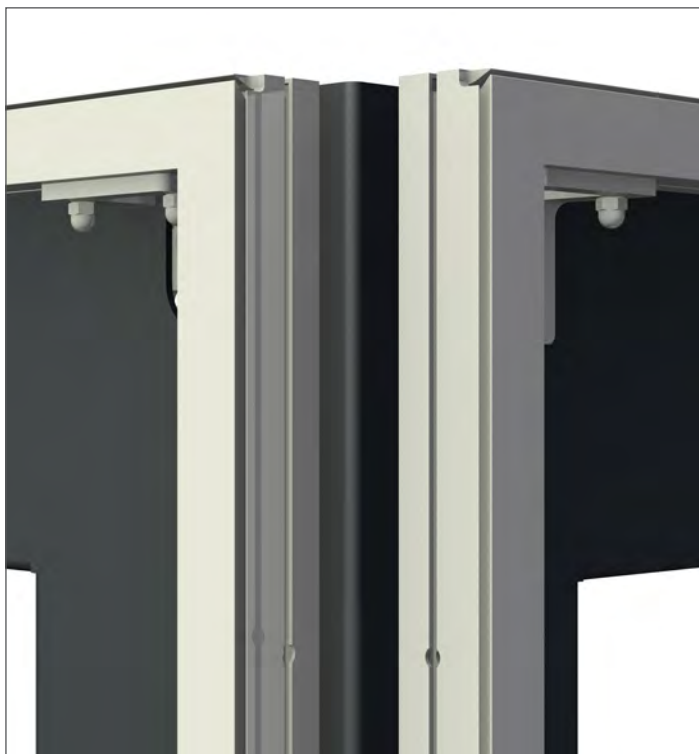

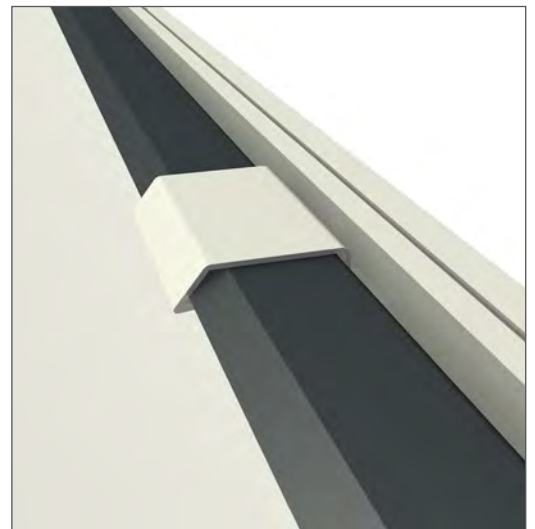

**ATTRACTIVE OUTDOOR ADVERTISING
MAKING DULL CONTAINER WALLS
A THING OF THE PAST.**

OCTAclad frame system: modular and quick to assemble.

The frame system has been especially designed for container cladding. Just mount the fixing parts to the outer container wall and attach the assembled frames. Additional retaining clips provide sufficient stability even over several meters in length. In this way, a perfectly stretched fabric graphic is guaranteed.

Advantages:

- Container remains intact
- lightweight and durable aluminium
- suitable for various container brands
- quick and easy to mount
- reusable

Retaining clips:
for maximum
stability of the
frame

Fixing sets:
mounted to the outer
container wall.

TECHNICAL FEATURES

Container cladding

Container with suspended frame
without fabric graphic.

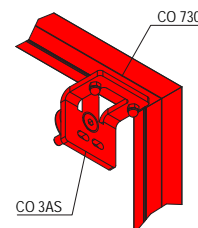

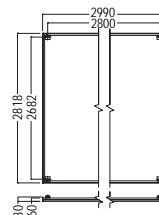

CONTAINER FRAME SET
2990 × 2818 MM

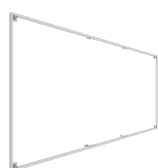

CO 1AS

aluminium anodized / steel galvanized |
1 × frame made of CO 730 for **Adapteo**
containers, 5-part, with 4 × container
fixing set CO 3AS

21 kg | W 2990 × H 2818 × D 80 mm

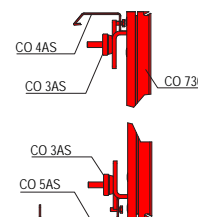

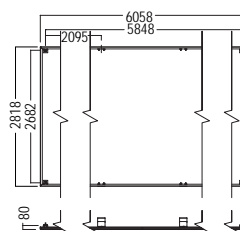

CONTAINER FRAME SET
6058 × 2818 MM

CO 2AS

aluminium anodized / steel galvanized |
1 × frame made of CO 730 for **Adapteo**
containers, with 4 × container fixing set
CO 3AS and 2 × upper retaining clip
set CO 4AS and 2 × lower container
retaining clip set CO 5AS

32 kg | W 6058 × H 2818 × D 80 mm

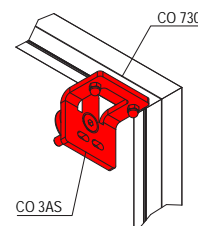

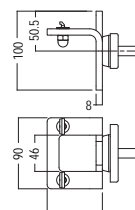

FIXING SET
FOR CONTAINER FRAMES

CO 3AS

steel galvanized | for mounting frame
elements made of CO 730 to **Adapteo**
containers, with 1 × fixing angle CO 3W,
4 × screw M 1492, 1 × M12 screw and
1 × container securing nut CO 3M

0.8 kg | L 127 × W 90 × H 100 mm

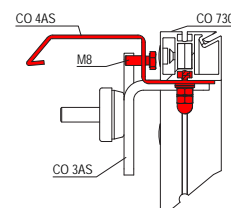

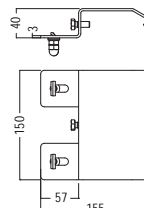

RETAINING CLIP SET
TOP

CO 4AS

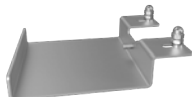

steel galvanized | for mounting frame
elements made of CO 730 to **Adapteo**
containers, with 1 × retaining clip top
CO 4A, 2 × hammerhead screw M1472
and 1 × M8 screw

0.7 kg | L 155 × W 150 × H 40 mm

Retaining clip
also available
separately:
CO 4A

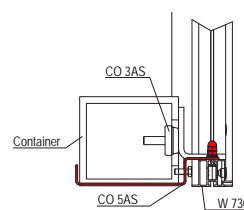

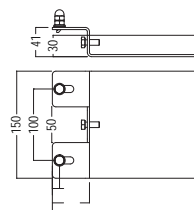

RETAINING CLIP SET
BOTTOM

CO 5AS

steel galvanized | for mounting frame
elements made of CO 730 to **Adapteo**
containers, with 1 × retaining clip
bottom CO 5A, 2 × hammerhead screw
M 1472

0.9 kg | L 213 × B 150 × H 41 mm

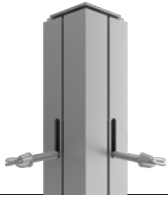

Retaining clip
also available
separately:
CO 5A

PARTS

OCTAclad for **Adapteo** containers

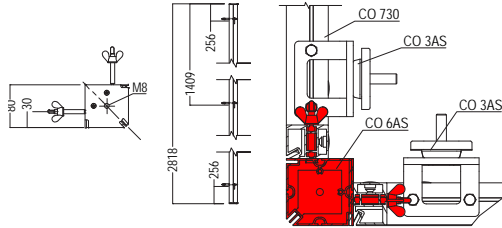

CORNER UPRIGHT SET FOR 90° CORNER, 2818 MM

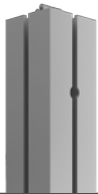

CO 6AS

aluminium anodized / steel galvanized | 1 x corner upright made of WP 800 for **Adapteo** containers, with 6 x hammer-head screw M 1477 and 2 x end cap WP 80-4

8 kg | L 80 x W 80 x H 2818 mm

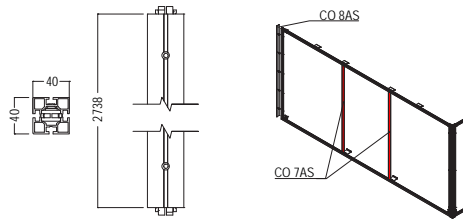

BRACING EXTRUSION FOR CONTAINERS, 2738 MM

CO 7AS

aluminium anodized / steel galvanized | bracing extrusion of M 1000 for **Adapteo** containers, with 2 x tension lock Z 961/8

3.5 kg | L 2738 x W 40 x H 40 mm

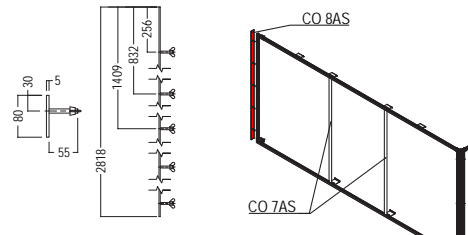

COVER EXTRUSION SET FOR CONTAINER FRAME

CO 8AS

aluminium anodized | Cover extrusion set for **Adapteo** containers, for mounting on the outer edges to increase the wind load when using the container in wind zone 2 inland, incl. 5 x DIN 7991 M8x60 screw, 5 x DIN 315 M8 wing nut and 1 x cover extrusion CO 8A

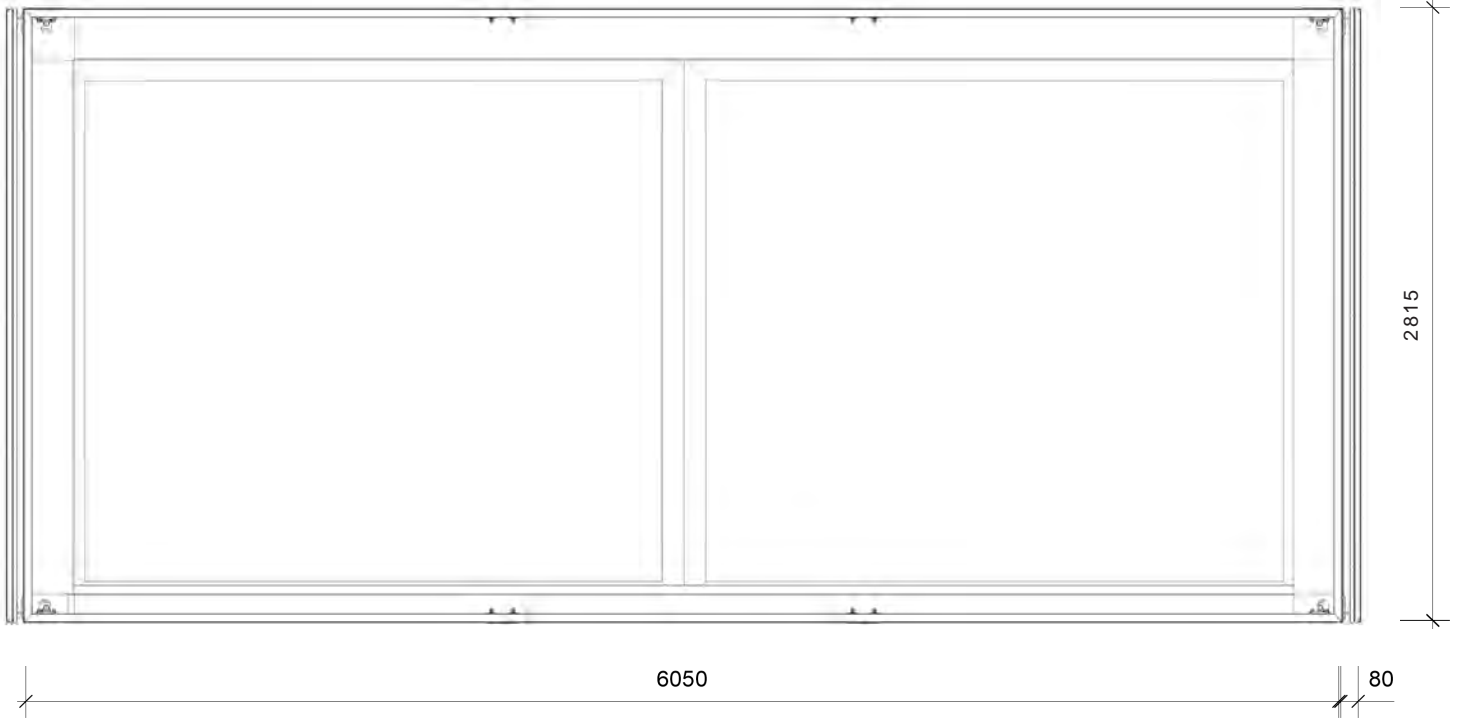

1 kg | L 55 x W 80 x H 2818 mm

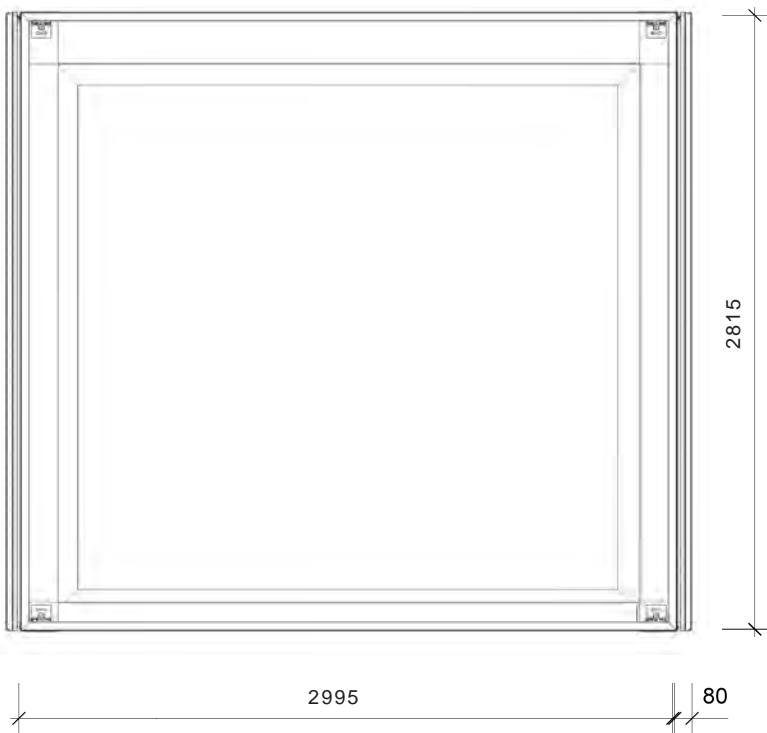

Container long side

Container front side
